

Vision for Commander College 201

You've already had a taste of Commander College! It's time to take flight and sharpen your skills as an advocate, a shepherd, administrator, communicator and leader. As a Commander you have the ongoing responsibility to stay focused on Christ and live out His Word to a generation who desperately need Him. We want to equip you to do just that.

Just as in Commander College 101, 201 features fellowship with commanders from around the country and teaching from the Awana team. Don't miss this opportunity to reconnect with commanders you may have previously met and new ones who share the same passion for Awana and kid's ministry.

Our goal is to thoroughly prepare you to excel in your role within the church and capture the benefits of a well-run Awana ministry.
